

Driveline

Capital Gear offers a Full Service Driveline shop with state of the art equipment available to support all your driveline needs. Components or complete driveshafts manufactured to OEM standards are offered with same day turn around.

Our high quality and high standards (ISO9001:2015) go into manufacturing each and every driveshaft.

We carry a complete line of u-joints, center bearings, end yokes and all of the components to manufacture driveshafts.

Carrying Popular Brands such as:

Meritor ~ Dana/Spicer ~ GWB

Ordering is easy:

- Call us with the driveline series, which shaft is needed (Hanger Bearing, Slip or Interaxle) and running length
or
- Call us with the OEM number or part number of the driveshaft
