

Parts Yard Surplus

Deals on Overstock Parts

Looking for quality spare parts and accessories at clearance pricing? Allied Powertrain Group is offering excess and surplus inventory from our stock of heavy-duty powertrain and drivetrain components at special clearance prices.

Our clearance inventory includes parts and accessories covering the makes, models, and brands we support, with availability changing as items are sold. Whether you're looking for a replacement component, a hard-to-find spare, or simply want to keep critical parts on hand, this is an opportunity to purchase quality inventory at reduced prices.

Inventory is limited and quantities vary. Many items are available on a first-come, first-served basis, so check back regularly as we continue to add parts to our clearance selection.

Browse the available inventory below. If you don't see the part you're looking for, contact our team—we may have additional inventory available that has not yet been listed.

All sales are subject to availability.
