

REVOLUTIONIZING THE REBUILDING INDUSTRY

Capital Gear committed to quality

To meet our customers' demand for top quality, we are revolutionizing the rebuilding industry by setting the standard with the quality of our remanufactured units.

Capital Gear builds top quality units that are "second-to-none" in the industry. From tear down to completion of remanufacturing, in-depth procedures are used to ensure each unit is built to meet our high standards of quality.

Capital Gear stocks a large variety of inventory of remanufactured transmissions, new transmissions, remanufactured differentials, new differentials, remanufactured transfer cases, new transfer cases, remanufactured planetary axles, new planetary axles, remanufactured off-highway brakes and new off-highway brakes.

We offer after hour service (no call out fee), as well as in-town delivery. Hot shot delivery service is also available.
